SUMMARY

I am a student at the Bhagwan Mahaveer College of Engineering and Management with a major in Computer Science. I am passionate about pursuing my major in Computer Science. I had previously completed two virtual internships as a Frontend Developer. I have a good command of C/C++, and I am a beginner with JAVA. I possess good communication skills, leadership skills, teamwork & management, and an optimistic & analytic approach toward my work. I aim to be an SDE at one of the top IT companies.

EDUCATION

Bachelor of Technology, Computer Science & Engineering

Bhagwan Mahaveer College of Engineering and Management (GGSIPU)

📅 12/2020 - 08/2024

PROJECTS

CourseCatalyst

🔗 <https://course-catalyst.vercel.app/>

CourseCatalyst is a fully functional EdTech platform that enables users to create, consume, and rate educational content.

CourseCatalyst aims to provide a seamless and interactive learning experience for students, making education more accessible and engaging. Additionally, the platform serves as a platform for instructors to showcase their expertise and connect with learners across the globe.

HealthEase

🔗 <https://health-ease-eight.vercel.app/>

"HEALTH EASE" is a user-friendly hospital management platform designed to streamline administrative processes and enhance patient care. Key features include patient appointment scheduling, medical record access, and secure payment processing. The system integrates various modules like doctor availability checks, appointment confirmations, and detailed information on medical services and professionals. It employs robust security measures such as user authentication, secure session management, and encrypted data handling. Future enhancements aim to improve device compatibility, search capabilities, and add telemedicine options, making healthcare more accessible and efficient.

Shoppex

🔗 <https://shoppex-1.vercel.app/>

Developed a responsive e-commerce website using HTML, CSS, JavaScript, JQuery. Implemented front-end design with HTML, CSS, and JavaScript for a clean and Userfriendly interface.
